

MANOHAR ERIKIPATI

Curriculum Vitae

Email : manoharuss@gmail.com
Work Portfolio : manoharuss.github.io

Github : github.com/manoharuss
LinkedIn : linkedin.com/in/manoharuss

Skills

- Code - Pyspark, SQL, Python with Pandas and Matplotlib, Node.js, Matlab.
- Cloud - AWS platform with EMR, ECS, Lambda for compute. Data-warehousing with Athena, S3. Databases DynamoDB, RDS.
- Orchestration - Apache Airflow, Dagster.io.
- Geospatial - Mapbox developer tools, Tippecanoe, GDAL, QGIS.
- Containerization - Docker.

Professional Experience

- | | |
|-------------|--|
| 2019 – 2021 | <p>Senior Data Engineer at Mapbox - Washington D.C.</p> <p>I've built ETL pipelines with Pyspark in the Basemap team. I was a core cartographer and developed 2 layers on Mapbox Streets production map.</p> <p>I've built a conflation engine with spatial clustering to merge large address datasets from multiple commercial vendors.</p> <p>I owned and maintained our ingestion system to deliver OSM PBF partitions to internal customers at a 24hr interval.</p> <p>I upgraded CI/CD environment from Python 3.5 to Python 3.7 for nearly 20 data pipelines.</p> |
| 2018 – 2019 | <p>Map Data Engineer at Mapbox - Bangalore</p> <p>I've built a data validation stack for OpenStreetMap to catch vandalism in daily updates as part of the Cartography team. The system protects Mapbox from ingesting geodata with graffiti, profanity and hate-speech. I achieved a 99.999 SLA with my team.</p> <p>I was on-call for resolving business critical map incidents and root-cause analysis for vandalism.</p> <p>I documented my work in OpenStreetMap diaries and presented at open data conferences such as State of the Map held in Japan in 2018.</p> |
| 2016 – 2018 | <p>Data Analyst at Mapbox - Bangalore</p> <p>I started as a OpenStreetMap analyst in the Mapbox data team. I was point of contact for all data validation errors in OSM basemap.</p> <p>I helped build OpenStreetMap Changeset analyser osmcha.mapbox.com and published the usage guide for it.</p> <p>I resolved critical issues of map vandalism in OpenStreetMap for Mapbox management.</p> <p>I participated in mapping for Humanitarian OpenStreetMap Team projects such as Mapping for Malaria eradication.</p> |
| 2012 | <p>Systems Engineer Trainee at Infosys - Mysore</p> <p>For a 4 month period, I was a trainee learning object oriented programming with Java at Infosys training center.</p> |

Academic Education

2012 – 2015	MSc in Geomatics Engineering, University of Stuttgart, Germany.
2007 – 2011	Bachelors in GeoInformatics Engineering, Andhra University, India.

Languages

Telugu	Mother tongue
English	Fluent
German	Beginner (A1 2012)
Hindi	Fair

Academic Projects

- 2015 | Master thesis on Content based image retrieval methods - Comparison of color, texture, region and edge detection methods.

Refer to thesis report.

- 2014 | Fieldwork to generate an Orthomosaic with aerial images acquired using an UAV.

Refer to field report.

- 2014 | Lab work to run a toy truck with a 3point controller around a predefined loop.

Refer to lab report.

- 2011 | Bachelor thesis on using Mathematical morphology for Rain gauge data for generating SKIZ maps and median maps.

Refer to thesis report.
